

MOCK INTERVIEW QUESTIONS & ANSWERS (HTML, CSS, JavaScript, React.js)

HTML QUESTIONS

1. What is HTML?

HTML means Hyper Text Markup Language. It is used to create webpage structure.

Example: Hello World

2. What is a tag?

A tag tells the browser how to display content.

3. What are semantic tags?

Tags with meaning: header, footer, nav, article

4. Difference between div and span?

div = block element

span = inline element

5. What are attributes?

Extra info inside a tag. Example: img tag with src.

CSS QUESTIONS

1. What is CSS?

CSS means Cascading Style Sheets; used to style HTML.

2. Types of CSS:

Inline, Internal, External

3. What is Flexbox?

A layout system to align items.

4. Difference between margin and padding?

Margin = outside space; Padding = inside space.

5. How to center a div?

margin: 0 auto;

JavaScript QUESTIONS

1. What is JavaScript?

JavaScript adds interactivity to webpages.

2. What is a variable?

A container for data. Example: let name = "Mathu"

3. Data types:

string, number, boolean, array, object

4. What is an array?

Collection of data. Example: ["apple", "banana"]

5. What is a function?

A block of code. Example: function add(a,b){ return a+b }

6. == vs ===

== checks value; === checks value + type

7. What is an object?

Key-value pairs. Example: {name: "John", age: 25}

React.js QUESTIONS

1. What is React?

A JavaScript library for building UI.

2. What are components?

Reusable UI parts.

3. What is state?

Internal data that updates UI.

4. What are props?

Data passed from parent to child.

5. What is useEffect?

Runs code on load/update.

6. State vs Props:

State = internal, can change.

Props = external, read-only.

7. What is JSX?

HTML inside JavaScript.

8. What is Virtual DOM?

A faster copy of the real DOM.
